8LB5000-Lumber Buddy™ Portable Workstation.....	Price \$1,755.00
10LB5000-Lumber Buddy™ Portable Workstation.....	Price \$1,955.00
12LB5000-Lumber Buddy™ Portable Workstation.....	Price \$2,155.00
14LB5000-Lumber Buddy™ Portable Workstation.....	Price \$2,355.00

Lumber Buddy's standard unit is ideal for use in both Pro-yards and Distribution Centers. With an overall length of 8 feet, the unit will accommodate forklifts with a carriage width of up to 72 inches. The basic unit is perfect for products eight (8') feet in length and longer.

The *Lumber Buddy™* can be fitted in two ways to accommodate shorter length materials (see [adjustable uprights](#) and [retail upright modifications](#)). The width of the unit is 73 inches with a stacking area of 48 inches. The unit can be equipped with [platform extensions](#) to handle Canadian width bundles and wider materials. The *Lumber Buddy™ Portable Workstation* weighs 820 lbs. with a stacking platform height of 19 inches. This height is best for hand stacking because it eliminates the need to bend over or over-extend your reach. The *Lumber Buddy™ Portable Workstation* is also equipped with 4-foot uprights for backsliding products onto the platform assuring a tight, square bundle every time. The uprights are also ideal for [fork splitting](#) products with less chance for damage to expensive materials. The *Lumber Buddy™ Portable Workstation* is also available in 10-foot and 12-foot units for use with larger forklifts that require a wider carriage width.

All *Lumber Buddy™ Portable Workstations* may be equipped with the all-new [EZSD-EZ Strap™ Dispenser](#), which holds a new, yet much safer alternative to metal banding providing a more efficient material-handling system. By equipping your *Lumber Buddy™* with the [EZ Strap™ Dispenser](#) you'll have everything you need to build and secure loads anywhere throughout your yard while eliminating unsafe and

unnecessary trips across the yard with unsecured materials. The ***EZSD-EZ Strap™ Dispenser*** has a place for everything you need to secure your bundle safely and efficiently.

Additional accessories are available for your ***Lumber Buddy™ Portable Workstation*** to make it even more versatile. See the information below for more on our accessories.

Lumber Buddy™ Accessories

LBAU - Adjustable uprights

Your ***Lumber Buddy™ Portable Workstation*** can be equipped with adjustable uprights that can be attached to either the front or back of your ***Lumber Buddy™ Portable Workstation*** creating either a U-shaped stacking area or allowing you to backslide products shorter than 8 feet.

Retail Price: \$389.00 for a set of two

Retail upright modification

Your ***Lumber Buddy™ Portable Workstation*** can be equipped with retail upright modifications by simply welding a 2x3 angle to the inside of the standard upright. This modification allows you to backslide precut, stud-length materials.

Retail Price: \$89.00 for a set of two

LBPX - Platform Extensions

Your ***Lumber Buddy™ Portable Workstation*** can be equipped with adjustable platform extensions that extend the platform width to 5 feet, ideal for dealing with Canadian width bundles. The added platform width is also very helpful when working with I-Joists and wide sidings. The platform extensions are removable or will self-store on the unit.

Retail Price: \$129.00 for a set of two extensions

14LBCDR – 14’ Composite Deck Rack

Order your *Lumber Buddy™ Portable Workstation* as an adjustable unit ready to adapt to any size of composite lumber coupled with banding channels that adjust along with the desired position of the upright. This unit is ideal for a multitude of tasks in the yard.

Price: \$2,370.00

EZSLMD - Lumber Buddy mounted dispenser

Your *Lumber Buddy™ Portable Workstation* can be equipped with an *EZ Strap™ Dispenser* that carries everything you need to secure a load no matter where you are working in the yard. No more unsafe and unnecessary trips across the yard to your banding area. It holds your tools and buckles. Improve your efficiency and safety with this great new system!

Retail price: \$209.00

(Tools, strap and buckles sold separately)

EZSFMD - Forklift mounted dispenser (NEW Style)

Your forklift can be equipped with an *EZ Strap™ Dispenser* that carries everything you need to secure a load no matter where you are working in the yard. No more unsafe and unnecessary trips across the yard to your banding area. It holds your tools and buckles. Improve your efficiency and safety with this great new system! This NEW style dispenser will carry one coil of 5/8” or 3/4” strap as well as one coil of 1-1/4” or 1-1/2” strap.

Retail price: \$229.00

(Tools, strap and buckles sold separately)

LBLX - Leg Extensions

Your *Lumber Buddy™ Portable Workstation* can be equipped with leg extensions that attach to the front feet of your *Lumber Buddy™* and cause the platform to tilt back making it easier and safer to stack I-joists vertically.

Retail Price: \$129.00 for a set of two
