Price of Product	\$1,755.00								

Save each lumber puller in your yard AT LEAST 30 minutes per day, and see your investment in your Lumber Buddy returned to you quickly. As your lumber puller learns the advantages of using this tool over conventional pulling methods, he will gain the time he needs to stay ahead of the game. He'll save time that can be used to keep your yard clean and safe, making it a more productive work environment.

Not Only That but....

With proper training and by using the Lumber Buddy Portable Workstation effectively and efficiently, you'll use every cover sheet and bottom sheet of plywood or OSB, not to mention any "less than desirable" pieces of lumber that were in the unit, so they go out to the jobsite, not lay in your yard!

By safely utilizing lumber backsliding and unit splitting techniques, all the pieces of the unit get used, **meaning huge additional savings:**

Number of 7/16 OSB sheets saved/week			
Price / each	1	3	5
\$9.00	\$468.00	\$1,404.00	\$2,340.00
\$10.00	\$520.00	\$1,560.00	\$2,600.00
\$11.00	\$572.00	\$1,716.00	\$2,860.00
\$12.00	\$624.00	\$1,872.00	\$3,120.00
\$13.00	\$676.00	\$2,028.00	\$3,380.00
\$14.00	\$728.00	\$2,184.00	\$3,640.00
(based on 52 weeks per year)			

Number of 2x4 - 16' saved per week			
Price / each	1	3	5
\$4.50	\$234.00	\$702.00	\$1,170.00
\$4.60	\$239.20	\$717.60	\$1,196.00
\$4.70	\$244.40	\$733.20	\$1,222.00
\$4.80	\$249.60	\$748.80	\$1,248.00
\$5.00	\$260.00	\$780.00	\$1,300.00
\$5.20	\$270.40	\$811.20	\$1,352.00
(based on 52 weeks per year)			

*Anyway you look at it, the numbers add up to **Savings!***

"Hours Saved" is based on highly conservative calculations - most yardmen estimate an hour or more per day of time saved using the Lumber Buddy Portable Workstation. Call for references.
